League Format

The first five weeks are used for handicapping; all shooters will shoot a total of 50 targets: 25 targets from the 16-yd line and 25 targets from the 24-yd line. During this first five weeks, a shooter may shoot ahead or from behind.

Once the first five weeks are complete, teams are classified by ability:

- AAA teams shoot from the 16/27 yard lines
- AA teams shoot from the 16/26 yard lines
- A teams shoot from the 16/25 yard lines, etc.

During the final nine weeks, shooters may only shoot ahead — not behind — the listed schedule.

Teams consist of a minimum of five shooters and a maximum of six. Each week the low score on six-man teams will be discarded. On five-man teams, all scores are recorded.

During team-to-team competition weeks, wins are awarded two points and ties are awarded one point. At the end of the nine competition weeks, all ties for 1st, 2nd and 3rd place will shoot off to determine a winner.
